## **Fugate Gymnasium**

This state-of-the-art facility, completed in 1999, includes an 1,100 seat gymnasium, Eck Fitness Center with aerobics/weight room, locker rooms and an elevated indoor track. .

## **McCarthy Field**

McCarthy Field is the home field for the Jets' practices and games. With dimensions of 330' down the left field line and 315' to the right field line, a gusty south wind helps batters swing balls over its fence. Standing 400 feet away, centerfield is the signature of McCarthy Field, a 30-foot wall, known to most as the "Green Monster." McCarthy field's playing area is surrounded by a shale warning track, which circles the entire inner fence line. The Jets use professional-style clay for the mound and plate, with a shale/Turf mix for the infield surface. Also near the field, the Jets have four enclosed batting cages. The Jets have an adjacent area for tee and soft-toss work as well. Pitchers are able to keep busy with access to two portable mounds, as well as a bullpen consisting of three regulation length clay mounds.

## **Softball Field**

The Newman Lady Jets Softball Field is encompassed by a 5' wooden fence that is 205' down the left and right field lines and 200' in centerfield. Beyond the center field fence is a scoreboard and lights for the entire field. The outfield has natural grass with the infield having a shale (dirt) surface. The dugouts are made of cinder block and are covered.

The batting cage is located next to the field down the left field line. The visitor's bullpen is located down the right field line outside the playing field and the home team bullpen is located beyond the leftfield fence.

Restroom facilities are located in the Maintenance Building located beyond the right field fence.

## **WilkinsField**

Wilkins Field is the home of Newman University's soccer teams. With a seating capacity of over 500 fans, Wilkins Field features a natural grass playing surface, complete with covered team dugouts and a 2-story press box.
